

We have 1 assignment for each session for this weekend's MAC meet.

**Workers assigned to the first timing position** will be responsible for signing MSC in, and picking up the stopwatches. First position timers will also need to attend the timers meeting. Please sign in early during warm-up. The length of each assignment will depend on the length of the sessions but I have set them up for 1 hour each. If the meet is running faster or slower, please make adjustments.

Failure to show up for a work assignment without getting a replacement will result in a \$25.00 work fine.

**If you cannot fill your assignment, please find someone that can. Let me know if you are using a replacement.**

**Please do not ask me to find a replacement.**

**Please Note:**

**ALL the 400 events this weekend**, including the 400 IM on Friday and the 400 free on Saturday for both the 12 and unders and the 13 and overs **will be time your own swimmer**. The **1500 on Friday evening will be time and count your own swimmer**.
